

Call for VISITOR GRANT Proposals

MOPNET's EPSRC grant provides funding for 30 visits over 3 years, of which 21 are UK and 9 are non-UK. The funds available are up to £380 for a UK visit and up to £800 for a non-UK visit.

Funds may be used to **receive a visitor** or to **make a visit**. The Scientific Committee of the Network is making a call for the third tranche of funding. We would like to receive requests for expenditure to be made **before the end of the MOPNET grant on 24th September 2012**.

As a reminder, MOPNET 6, the **last official MOPNET meeting**, will be in Bath on April 2nd and 3rd.

Each request should be up to 1 page of A4 and should state:

1. The name(s) of the visitor(s) or person(s) to be visited.
2. Where and when the visit(s) would take place.
3. Scientific activities to be undertaken: please make clear how these are related to the work of MOPNET, e.g. by reference to the general topics outlined on the MOPNET site, <http://mopnet.cf.ac.uk>.
4. The budget requested, with an outline of costs.

Deadline: 31st January 2012.

Please contact the network coordinators with any queries.

Michael Levitin, Marco Marletta; December 2nd 2011.
